Fundraiser Spotlight: Justin's Journey

What made you want to fundraise for St Michael's?

Having worked locally as a GP for 36 years I have seen generations grow up amidst many challenges. The benefit that comes to children throughout their lives from parents who are supported amidst these challenges is enormous. Where parents are not able to provide that good experience, so many things can go wrong.

The work you do at St Michael's is so valuable, professional and caring.

I am so pleased to have been able to raise just over £2,000 for the families you work with, thanks to many friends, family and colleagues

“1:1 support boosts my mood and just makes me feel motivated. Help with housing, the food pantry and accessing nappies and formula has been a godsend.”

- Mum

“If it wasn't for St Michael's, I don't think I'd be here today.”

Life is busy and people can forget to donate! Don't be afraid to give people a gentle reminder.
