Fundraiser Spotlight: Pauline's Journey

What made you want to fundraise for St Michael's?

"I'm a Clinical Lead for Health Visiting, and a lot of my work is with children in care. Knowing the impact that it would have on families like those I work with was just huge."

What was your biggest challenge and how did you overcome it?

"I was very anxious about raising money because I hated the idea of asking anybody for anything."

"I documented lots of my journey on socials, I thought it was cringe but people kept telling me they loved it!"

If you did it all again what would you do differently?

"I don't want to do it again because I don't think anything could top my experience. It was one of the best days of my life."

"The only thing I wish is that I had started fundraising earlier. I was scared of doing events so I would partner up with other runners and ask if we could host something together."

"I never felt under pressure from St Michael's. I definitely chose the right charity."

Rush and Trusha

"The whole experience was amazing. The support from the charity was incredible. I couldn't be any more grateful for it."

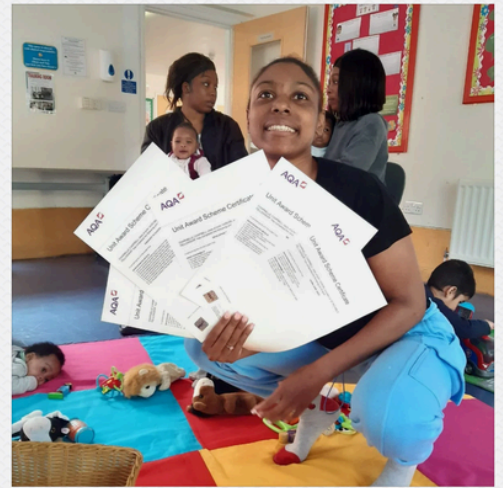

100%

of our runners felt connected to our work and would recommend others to fundraise for us.

Our Families

“The heroes I had growing up were fictional... I want to ensure that my son has a real-life hero he can believe in. I want to be that person.”

- Dad

“1:1 support boosts my mood and just makes me feel motivated. Help with housing, the food pantry and accessing nappies and formula has been a godsend.”

- Mum

“If it wasn't for St Michael's, I don't think I'd be here today.”

- ✓ **Commit to sharing on socials once a month**
