

# Jigsaw: Family Contact Centre

Working together to keep families together

**Our Service**

**Refer Here**

We provide a safe, neutral, and homely environment where children can maintain vital relationships with parents, siblings and wider family, even in the most complex circumstances. Our approach is always child-centred, focused on stability, safety, and positive outcomes during one of the most challenging times for a child experiencing family breakdown.

We have Enhanced Accreditation, offering supervised, supported and handover family time.

**Rooted in the community for over 120 years,  
supporting families facing adversity.**

Over 90% of children said they felt safe at Jigsaw.

“I find them to be extremely caring people. They do an excellent job and often go the extra mile. I find the team extremely cooperative, professional, friendly and competent in what they do”
