Please complete the application form and monitoring form and return to me to the email address admin@stmichaelsfellowship.org.uk by **Sunday 26 November 2017**.

In the event of you being shortlisted, an informal visit to the centre will take place on **Friday 1 December** followed by a final interview on either **Monday 4 December** or **Tuesday 5 December**. Please keep these days free in case you are shortlisted. Informal visits *do* form part of our selection procedure, and feedback will be given to the interviewing panel following the interviews.

In completing your application, you will find it useful to read all the information enclosed especially the job description and person specification. When you write your supporting statement you must demonstrate that you fulfil the essential requirements of the person specification. For this reason curriculum vitae are not acceptable.

This post will give the successful applicant substantial unsupervised access to vulnerable adults and children, therefore St. Michael's has adopted a rigorous system of checking. In the event of you being shortlisted telephone references will be pursued initially. St. Michael's reserves the right to contact any previous employers including your two referees of choice. The successful applicant will also be subject to an enhanced check through the Disclosure and Barring Service.

You will see that the application form requests detailed information about your history, from school to the present day, this is in order to meet the recommendations of the Warner Report. Any information given will not interfere with our standards of E.O.P. practice i.e. information will not be used in a discriminatory way.

As we receive a large response to our job vacancies we are unfortunately unable to reply to those candidates who are not shortlisted. If you have not heard within one week of the closing date please assume that your application has been unsuccessful.

Yours faithfully

Sue Pettigrew
Director

FAMILY ASSESSMENT PRACTITIONER

The Organisation.

St. Michael's Fellowship is an independent voluntary organisation that acts for the welfare and safeguarding of children. For over a 100 years we have worked residentially with parents so that they might safely and sustainably meet their child's needs – working together to keep families together. We are a dynamic, creative organisation which over the years has taken a lead in the development of services both residentially and in the community to meet the changing needs of families and communities.

St. Michael's Fellowship operates four residential family assessment centres and we have an excellent reputation for the quality of our work with families, and the support we provide our staff who work in these centres. Our residential centres are set up to provide a homely rather than institutional atmosphere. Our aim is to provide a Comprehensive Assessment of risk, and an assessment of a parent's ability to parent their child and meet their child's needs in an environment which can be challenging, is educational and supportive, and offers the parents the time and space to evaluate their own abilities. Staff in the centres approach their work from a 'child's eye' perspective, and maintain an open mind whilst applying a critical evaluation to what they observe. We achieve this by

- Good social work practice
- Independent assessments
- Keeping abreast of current thinking.
- Working in partnership with families and local authorities
- Commitment to anti-discriminatory, anti-racist practice
- Individual work with families
- Therapeutic approaches to aid assessment
- Clear, evidence based recommendations to assist planning for children
- Open recording systems, leading to reports for court
- Resettlement service for families

What you can expect from us

With the emphasis in all of St. Michael's work firmly on the welfare of the child, it is inevitable that in some cases the outcome of the residential work is that a child does not stay with the parents. In such cases staff will communicate openly, and in a way that helps, to 'hear' a very difficult and complex message. We recognise that our work with families with a variety of needs is demanding and can be stressful. We support and enable staff by

- A culture that is committed to providing opportunities for personal and professional learning and development
- Offering experience and training to enhance career development
- Engaging in the ASYE/EPD programme.
- Supervision that is embedded in the culture of St Michael's; every two weeks and ongoing opportunities of informal support/supervision.
- Team consultancy, team building/support days.
- Clinical supervision where appropriate
- Clear guidelines provided regarding practice, interventions, ways of working, guidance
- Induction
- Valuing the views of staff to bring about change
- Supportive
- Pleasant working environment
- Away days
- Massage

With whom we work

At the heart of our work lie values of compassion and respect for the parent as an individual, and a belief in the capacity of every human being for positive change. With these values we work to break the cycles of disadvantage, change family dynamics, and create new opportunities for children. Families come from a variety of backgrounds and cultures, many with complex histories. We meet their individual needs with sensitivity and through anti-discriminatory, anti-racist practice to give all parents a real opportunity to achieve change.

We work with families, either single or two parents, with one or more children, where the majority are aged 0-5 years, but could be older, and where there are concerns surrounding their ability to parent. For example

Parents may have additional difficulties:

- Teenage parents from the care system
- History of mental illness
- History of substance misuse
- Learning difficulties
- History of domestic abuse

Children are likely to be subject to a child protection plan and may be:

- The subject of interim care orders
- In foster care
- Failing to thrive
- Presenting behavioural difficulties
- Demonstrating language delay
- Have special educational needs

Concerns:

- Abuse of a previous child
- Abuse of a current child; emotional, physical, sexual
- Capacity to learn parenting skills
 - to keep child safe
 - to put child's needs first
 - to meet child's emotional, physical developmental needs
 - to form attachments
 - to recognise support needs
 - to recognise signs of their own mental illness

Assessments involve a mix of informal education, one to one, video feedback, parenting skills support, sensitive and close observation and direct work, to facilitate and empower 'good enough parenting.' Parents receive daily feedback based on written recordings made by staff on shift. Placements are reviewed regularly and are generally for between six and twelve weeks.

Not all placements result in the family moving into the community together. The information provided by the staff team enables social workers to make recommendations and the courts to make decisions regarding the future of children. Staff may therefore be required to give evidence in court.

Remuneration

Salary ranges from £26,871 - £31,141 inclusive of London Weighting plus sleep-ins at (£45 per night). There is an opportunity for the salary to rise to £33,626 in recognition of service and quality of work. If a qualified social worker starting salary will be £29,424.

Incremental increases occur, when entitled and possible, on 1st April.

A cost of living increase is awarded when possible.

Contributory personal pensions are available under the auto-enrolment scheme. After a period of 3 years' service an employee can join St Michael's pension scheme with an employee minimum contribution of 6% and an employer minimum contribution of 8%.

Annual leave: 5 weeks plus Bank Holidays, increasing to 6 weeks after 5 years' service.

What we want from you

To join a staff team of 7 involved in a shift system of working. This entails working a certain number of hours per calendar month: 28 day month = 156 hours, 30 day month = 167 hours, 31 day month = 172 hours.

- To bring your creativity, commitment and motivation to our work
- To develop supportive working relationships with your colleagues within the centre and within the organisation as a whole.
- To actively contribute to the ongoing development of the centre
- Work a rota system where the rotas aim to give staff alternate weekends off
- Usually one weekend off will comprise three or four consecutive days
- Other days off are taken during the week
- Staff members, with the exception of the Manager, average 6 sleep-ins a month, payment £33.95 per sleep-in.
- Examples of Shifts: 4pm–11 or 12midnight sleep-in 7am–3pm, 2pm -11pm sleep-in 7am-12pm
- Days 8am-4pm, 10am–6pm, 11am –7pm, 12 –8pm
- Mondays to Fridays, a minimum of two staff on duty
- Evenings, after 7 or 8pm, and weekends are generally worked alone but there is always management support available.

Staff duties are varied, and as well as contributing to all family assessments staff demonstrate their respect for the families and their work environment by also ensuring that the quality of the environment is maintained by general cleaning.

ASSESSMENT CENTRES

Crawford House

Is situated in Balham within walking distance of the Northern line tube and main line rail station and with good bus network connections. The house is spacious with attractive facilities for both families and staff and a garden with play equipment for children. Crawford House works with families with any issue but because of its size has been able to work with larger families. In terms of trends, whilst there is a generic nature to the challenges that staff address with the families, Crawford House works with more families with substance misuse issues than our other schemes.

At the most recent Ofsted inspection Crawford House achieved the rating 'Good' with Outstanding features.

52 PALACE ROAD

Palace Road is situated within walking distance of Tulse Hill railway station. It has developed significant experience of working with young parents, although we also work generically, with families where there are a range of issues which may compromise parenting capacity, such as mental ill health or substance misuse and/or learning difficulties.

The accommodation at 52 Palace Road is based in a large Edwardian house, set on three floors. It has the facilities to offer 6 families a residential placement to assess their parenting ability and to develop and promote their parenting skills, although it is more common to work with a maximum of 5 families in placement.

Our most recent inspection from Ofsted took place in April 2016 and we were found to be an **OUTSTANDING** provider, a rating we have held since 2007.

46 HERNE HILL

'46' is a Residential Family Assessment and Support Centre situated in Lambeth close to Brockwell Park, local shops and local amenities. It is within walking distance of Herne Hill mainline rail station and a short bus ride from Denmark Hill or Loughborough Junction. There are good bus network connections, including to Brixton underground station. The large Edwardian house with facilities for up to four families blends in with the local community and has homely and well maintained facilities for both families and staff. The service has developed a wealth of experience working with families where parents have additional learning needs, along with families where there are more generic presenting needs.

84 HERNE HILL ROAD

84 is within walking distance of Loughborough Junction train station. The nearest underground station is Brixton followed by a short P4 bus that goes in the direction of Dulwich and Lewisham stopping outside of the centre. Bus routes – 35, 45 & P4 Brixton – Dulwich – Lewisham.

84 is a residential family assessment centre that works with families with a variety of difficulties but have particular experience working with families where there are mental health issues.

Our most recent inspection from Ofsted took place in September 2015 and we were found to be an **OUTSTANDING** provider, a rating we have held since 2011.
